1. By verified letter dated August 13, 2015 ("Letter") filed via IBFS by counsel, Veza surrendered its International Section 214 Authorization granted in IB File No. ITC-214-20070913-00380 (the "International 214 Authority"). In the Letter, Veza stated it that had no international customers and therefore that it did not provide any international services that require Section 214 authority. 4. Accordingly, Veza provided resold international long distance service to some of its domestic customers pursuant to its International 214 Authority.
5. Veza's previous surrender of its International 214 Authority is and was reasonable and it will not harm the present or future public interest, convenience and necessity.

6. As noted below, Veza previously notified its customers of its plans to discontinue the provision of telecommunications service and it obtained FCC authority to do so.
7. Veza notified all affected customers in writing of the planned discontinuance by geographic area at least thirty (30) days prior to its planned action. On July 6, 2015 and July 27, 2015, Veza notified its customers of its plan to discontinue the provision of long distance telecommunications service, effective August 24, 2015.
8. On July 6, 2015, Veza submitted an application, as amended, to the FCC to discontinue the provision of domestic telecommunications service ("Application"). Copies of the Application, amendment and customer notices are attached as Exhibit A.
9. On July 29, 2015, the FCC authorized Veza to discontinue the provision of telecommunications service in the affected areas on August 29, 2015 by Public Notice. *See* FCC Public Notice (DA 15-866) released July 29, 2015 in WC Docket 15-177. A copy of the Public Notice is attached as Exhibit B.

Enclosures

Before the
FEDERAL COMMUNICATIONS
COMMISSION
Washington, D.C. 20554

In the Matter of)
)
Section 63.71 Application of)
VEZA Telecom, Inc.)

SECTION 63.71 APPLICATION

VEZA Telecom, Inc. ("VEZA" or "Applicant") hereby seeks authorization pursuant to Section 214(a) of the Communications Act of 1934, as amended (the "Act"), 47 U.S.C. § 214, and Section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue its provision of interstate toll resale telecommunications service to all of its customers throughout nine states.¹

VEZA is a provider of 1 + long distance telecommunications services. VEZA is authorized by the Commission to provide both interstate and international telecommunications services. VEZA also is authorized to provide intrastate telecommunications services in nine states.

VEZA is in the process of discontinuing the provision of telecommunications

¹ VEZA was incorporated in Delaware and operates in Texas, New Mexico, New York, New Jersey, California, Louisiana, Illinois, Georgia, and Florida. VEZA offers only interstate and intrastate long distance Telecommunications service to customers in these states. VEZA's FCC Registration Numbers are 0019203744 and 0016898017. VEZA is authorized to provide international telecommunications service (ITC# 20070913-00380), but VEZA has no international customers. By this application, VEZA also requests cancellation of its interstate and international telecommunications licenses.

services, subject to Commission approval. The proposed discontinuance of VEZA's telecommunications service will not harm the affected customers because they are sophisticated purchasers of communications services and can easily obtain alternatives to the service, including use of cellular telephones or services from other service providers to make calls where VEZA plans to discontinue the service.

The Applicant provides the following information pursuant to Section 63.71 of the Commission's Rules:

1. Name and Address of Carrier: VEZA Telecom is located at 11205 Alpharetta Hwy, #E3, Roswell, GA 30076.

2. Date of Planned Service Discontinuance. Reduction or Impairment: The Applicant plans to discontinue the provision of its telecommunications service to the affected VEZA customers located throughout the nine states effective August 24, 2015. The Applicant understands that this application will be automatically granted on the 31st day after public notice of filing unless the Commission notifies the Applicant to the contrary.

3. Points of Geographic Areas of Service Affected: VEZA proposes to discontinue the provision of its telecommunications service to the affected VEZA customers located throughout the states of Texas, New Mexico, New York, New Jersey, California, Louisiana, Illinois, Georgia, and Florida. VEZA does not offer telecommunications service in any other states.

4. Brief Description of Type of Service Affected: The

communications service received by the affected VEZA enterprise customers is non-dominant, long distance resold toll service. The service enables VEZA customers to make long distance and international telephone calls. VEZA's long distance service is offered as an independent service offering and is not dependent on a subscriber purchasing other telecommunications services from VEZA.

The proposed discontinuance of VEZA's telecommunications service will not harm the affected customers because toll service is generally and readily available from other telecommunications service providers. In addition, because VEZA's toll service is provided on a postpaid basis, there are no issues regarding deposits and refunds to the affected customers. Moreover, the affected customers are sophisticated purchasers of communications services and can easily obtain alternatives to the service, including use of cellular telephones or services from other service providers to make calls where VEZA plans to discontinue the service.

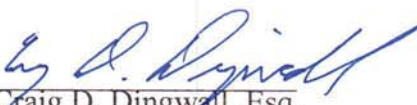

5. Brief Description of the Dates and Methods of Notice to All Affected Customers: In accordance with the requirements of Section 63.71(a) of the Commission's rules, on July 6, 2015, VEZA sent written customer notice, by first-class mail, informing the affected customers of the planned August 24, 2015 discontinuance date. A sample copy of the notice to customers is appended hereto as Exhibit A.

6. Whether the Carrier is Considered Dominant or Non-Dominant with Respect to the Service to Be Discontinued, Reduced or Impaired: Applicant is considered non-dominant with respect to the affected services.

In accordance with Section 63.71 of the Commission's Rules, a copy of this Application is being mailed to the Governor(s) and Public Service Commission(s) of the seven (9) states and to the Special Assistant for Telecommunications for the Secretary of Defense, concurrent with the filing of this Application.

Additional questions regarding this application may be addressed to the undersigned.

WC Docket No. 15-177
Comp. Pol. File No. 1234

Comments Due: August 13, 2015

Section 214 Application **Applicant: VEZA Telecom, Inc.**

On **July 6, 2015, VEZA Telecom, Inc.** (VEZA Telecom or Applicant), located at **11205 Alpharetta Hwy, #E3, Roswell, GA 30076**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue a certain domestic telecommunications service in California, Florida, Georgia, Illinois, Louisiana, New Jersey, New Mexico, New York, and Texas (Service Areas).¹ On July 27, 2015, VEZA Telecom filed an amendment to correct certain deficiencies in its application and update the record regarding the notice provided to customers.² Accordingly, VEZA Telecom's application is deemed complete as of July 27, 2015.

VEZA Telecom indicates that it currently offers resold long distance toll service (Affected Service) to enterprise customers in the Service Areas. VEZA Telecom explains that its resold long distance toll service enables customers to make long distance telephone calls including international telephone calls. The Applicant states, however, that it is in the process of discontinuing the provision of telecommunications services, subject to Commission approval.³ VEZA Telecom specifies that it will be closing and that it intends to no longer provide the Affected Service in the Service Areas effective August 24, 2015. VEZA Telecom submits that the affected customers will not be harmed by the proposed discontinuance because they are sophisticated purchasers of communications services that will be able to easily obtain alternative services that are generally and readily available from other telecommunications service providers. VEZA Telecom states that it sent an early notice to affected customers by first-class mail on July 6, 2015, and that it mailed a revised notice to customers that is

¹ See Section 63.71 Application of VEZA Telecom, Inc., WC Docket No. 15-177 (filed July 6, 2015), <http://apps.fcc.gov/ecfs/comment/view?id=60001091542>.

² See Letter from Craig D. Dingwall, Esq., Counsel to VEZA Telecom, Inc., to Ms. Marlene H. Dortch, Secretary, FCC, WC Docket No. 15-177 (filed July 27, 2015).

³ The discontinuance of international service is governed by section 63.19 of the Commission's rules. See 47 C.F.R. § 63.19.

consistent with the Commission's rules on July 27, 2015. VEZA Telecom asserts that it is considered non-dominant with respect to the service to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, VEZA Telecom's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies VEZA Telecom that the grant will not be automatically effective. In the revised notice to customers, VEZA Telecom indicates that it intends to no longer provide the Affected Service in the Service Areas effective August 24, 2015. Accordingly, pursuant to section 63.71(c), absent further Commission action, VEZA Telecom may discontinue the Affected Service in the Service Areas on or after **August 29, 2015**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

Comments objecting to this application must be filed with the Commission on or before **August 13, 2015**. Such comments should refer to **WC Docket No. 15-177 and Comp. Pol. File No. 1234**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. *See Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998). Comments may be filed electronically using the Internet by accessing the ECFS: <http://apps.fcc.gov/ecfs>. Filers should follow the instructions provided on the Web site for submitting comments.
